

1 March 1983

MEMORANDUM FOR: Executive Assistant
Office of Personnel

FROM: [REDACTED]

C/HRPS/OP

SUBJECT: Weekly Activities Report

1. Completed the computation of the OP adjustment factors that will be submitted to the DDA for inclusion in the DDA Supplemental Support package for FY85. What these factors stipulate are the resources that will need to be added to OP in FY85 to support any employee increases in other Agency components. A memo has been prepared for D/Pers signature, which delineates these OP adjustment factors for the DDA. *

2. A memo outlining the resource requirements of alternative levels of OP jurimetric support to OGC has been prepared for D/Pers signature. The memorandum outlines both the costs and benefits of alternative levels of jurimetric support and requests the approval of additional resources for the effort with the concurrence of OGC. *

3. Several meetings were held with [REDACTED] concerning useful applications of statistical modeling techniques to Agency retirement and manpower flows. Specifically, several approaches were discussed for modeling the manpower impact of several proposed changes in the retirement systems. *

4. [REDACTED] the OGC statistical consultant, is meeting with HRPS representatives this week to review the latest progress of our jurimetric effort. [REDACTED] will be meeting with HRPS members all week to review current progress and to suggest alternative approaches. *
